

Mission Declaration:

**TO BECOME AN IMPORTANT AND INDISPENSABLE SURVEILLANCE
AUTHORITY IN THE AREA OF FOOD SAFETY AND FOOD QUALITY IN THE
EUROPEAN UNION**

The Management of the Czech Agriculture and Food Inspection Authority
declares the following

Quality Policy

- 1. to perform control activities in accordance with legal framework, maintaining independence, professional standards and efficiency, and based on risk management and prevention.**
- 2. to respond swiftly to changing conditions such as new powers, amendments to legislation, new technologies, and new methods of placing foodstuffs on the market.**
- 3. to provide consumers as well as other stakeholders with timely and objective information on important findings and increase the level of their knowledge and awareness of activities of the Authority and constantly enhance its positive image.**
- 4. to participate actively in the process of creation of legal regulations relevant to the Authority to further increase the level of food safety.**
- 5. to employ qualified personnel and provide them with comprehensive professional development, in which the Authority take an active part, and stimulate their motivation with appropriate tools.**
- 6. to be an open and transparent organization, cooperate with other surveillance authorities and other stakeholders to protect the well-being of consumers.**
- 7. to use properly existing equipment and maintain its high standard in accordance with new knowledge and development as well as to ensure its safe and credible use in order not to damage, lose or misuse CAFIA data and at the same time to duly protect all physical entities legitimately entering the Authority systems.**
- 8. to constantly improve management and hence the effectiveness of the Authority.**
